## President's Message

Effective April 18, 2016, Chapters 2 and 10 of the Ohio Building Code were revised to incorporate the new rules for the temporary door lock-down devices in school buildings. Chapter 2 Definitions was revised because several terms were defined as used in the code. Chapter 10 was revised to include new Section 1008.1.9.11 titled 'Temporary door locking device in school buildings'.

The definition of 'School Building' is of particular interest because it does not define the term with respect to Use Group, rather a structure used for the instruction of students including private, public and higher education.

The revised code language can be found at

## *This Months Educational Presenter*

This month's scheduled class will be "Continuous Load Path" presented by Greg Wujcik of Simpson Strong-Tie. This class, BBS2016-258, will provide 3 hours of continuing education for BO, MPE, BI, RBO, RPE, & RBI certifications.

The electrical, plumbing and plan examiner roundtables begin at 10:30 a.m. Roundtables will run from 10:30 to 11:30 a.m. with lunch starting around noon. Please sign up for the roundtable you plan to attend.

In order to receive credit and a certificate you must scan in for each class. The BBS requires attendees to sign in within 15 minutes of the class beginning. You must remain for the entire class to receive credit. The attendance roster is submitted to BBS by BOCONEO. Your certificate is required to be submitted to the BBS by you when you renew your certifications.

Certificates of attendance will be distributed electronically after completion of the class. We use the email address provided when you register for the class. You must sign in for each class to receive a certificate, which will be via email, 3 to 5 days after the class. If you do not receive your certificate within 5 days of the class or have an issue with your receipt of the email, please let us know at [boconeocertificate@gmail.com](mailto:boconeocertificate@gmail.com).
