President's Message

We have received a response from the IRS on our attempt to change our tax status to a 501(C)(3). They have asked for a couple of simple explanations and clarifications. I have responded to their request.

At the April 19 educational lunch meeting, the swipe-in computer will be confirming active memberships. There may be a delay in the computer as memberships are confirmed. Inactive members may have their CEU certificates withheld until payment is received. Make sure your dues are up to date prior to the meeting.

On April 28, 2017, our annual Educational Institute will be held at Normandy Party Center. This year's topic will be the Significant Changes to the 2015 International Building Code, including mechanical and plumbing. The course will be taught by Jerry Flanik. The cost is \$120. Please see the included flyer. For you BBS certified inspectors, plans examiners, and building officials, the state will likely be holding mandatory education courses on this topic in the fall.

In September, the Annual International Code Council (ICC) Conference will be held in Columbus. Keep an eye on OBOA's website for updates.
